We would like to make it clear that it is mandatory to undergo internships for all the students admitted for UG courses from the Academic Year 2020-21 as per the guidelines of the UGC, according to the proposal of National Education Policy 2020 (NEP-2020), internships are made compulsory for all UG students from the Academic Year 2020-21 by Andhra Pradesh State Council of Higher Education (APSCHE) and Andhra Pradesh Commissionerate of Collegiate Education (APCCE) (Please find enclosed copy of proceedings & guidelines). Students are supposed to take up internships mandatorily and these are evaluated externally. After 2nd semester they attend Community Service Project for 2 months; after 4th semester Industry Internship for another two months and in 3rd year they should undergo internship for 6 months either in 5th semester or in 6th semester. As a part of this, students undergo Community Service Project for two months after second semester, 02-months short term industry-internship after 4th semester and long-term internship for 6 months in third year.

As such students admitted in the year 2021-22 completed Community Service Project (CSP) after their 2nd semester and Short-term internship after their 4th semester. Finally in the year 2023-24 (As NAAC said the last academic year) they underwent long-term internship in 5th /6th semesters. And the students admitted in the Academic year 2022-23 have completed their CSP in the same academic year after completing 2nd semester and they had to complete Short-term internship after 4th semester in the academic year 2023-24 and the students admitted in the year 2023-24 were supposed to complete CSP after their 2nd semester in the academic year 2023-24.

It is essential to note that the COVID-19 pandemic significantly disrupted academic calendars. To cope with the disruptions, Universities have opted to compress or rearrange academic calendars. This had led to overlapping of academic years or shortened breaks, impacting the usual rhythm of the academic calendar. Summer vacation for the academic year 2023-24 had been shortened and the students admitted.

Out of 34 students (Admitted in 2023-24) 28 students underwent CSP in 2023-24; out of 41 (admitted in 2022-23) 38 students completed short-term internship. And 54 students out of 80 admitted in 2021-22 successfully completed their 3rd or long-term internship in 6th semester (from January 2024 to April 2024). As a total out of 155 students 120 students have undertaken CSP, internships/project works. That means 77.41% of students have completed internships/project works. Hence, we request to consider the value for the academic year 2023-24.

Apart from that, some of the departments have arranged field trips and about 50 students visited various educational/scientific institutes as a part of the curriculum. Detailed reports are enclosed. If it is included the number increases much more.
